GETTING STARTED WITH AMAZON

Introduction

The Amazon Module for ReadyShipper Pro delivers the latest in integration technology from Amazon.

This module is available for use only with Pro Merchant or paid Seller Central accounts and is PC/Mac compatible.

This module reads the order status from your Amazon account so that all of your orders are imported into ReadyShipper Pro for fast efficient shipping.

The shipping status is always updated to keep your Merchant account performance rating at the highest level.

Required Information

- Marketplace ID
- Merchant ID (Seller ID)
- AWS Secret Key ID
- Secret Key

Getting started is free and it only takes a few minutes!

Getting Started

To begin, open your internet browser and go to https://developer.amazonservices.com. On the right side of the screen click on the text that says “Sign up or manage Amazon MWS”.

Click “Sign up or manage Amazon MWS” to get started.

Adding Amazon Credentials to ReadyShipper

You should now have your Merchant (seller) ID, Marketplace ID, AWS Access Key and your Secret Key. That’s everything we need to connect ReadyShipper to your store. Login to Readyshipper and click on “Stores” and then “amazonservices”.

Select “Stores” and then “amazon services”
